

25X1

25 March 1965

**Subject: Proposal for a Study and Experimental Investigation of
Electrophotographic Techniques**

25X1

Gentlemen:

25X1

 is pleased to submit herewith a proposal, subject as above, for a one year study and experimental program as described in the attached Technical Proposal No.

25X1

25X1

 dated 24 March 1965 and consisting of the following discrete parts:

- Part 1: Electrophotographic Technique Investigation
- Part 2: Electronic Technique Investigation
- Part 3: Design and Fabrication of a Breadboard Model of a
Spatial Frequency Analyzer

The parts as mentioned above are independently priced in the accompanying Price Analysis Summary, and may be performed, if desired, as independent programs. However, the accompanying technical proposal anticipates an integrated program as shown in the schedule contained therein. The price as quoted for Part 3 is contingent upon the award of Part 2 and represents a reduction as compared to performance of Part 3 independently. The program would run for a period of one year from date of award. Monthly progress reports and two interim technical reports would be furnished during the course of the program. A final report will

be submitted at the end of the 12 month period. The price for performance of the work as outlined herein is as follows:

25X1

[REDACTED]

25X1

Enclosed are three copies of our Price Analysis Summary [REDACTED] dated 24 March 1965 in substantiation of the price. This price is contingent upon the customer's permission to perform the work on an unclassified basis.

This proposal is made on a cost plus fixed fee basis subject to the negotiation of mutually acceptable terms and conditions in accordance with the provisions of the existing basic agreement, and will remain firm for a period of 90 days from the date of this letter. Should additional information be required, please contact the undersigned at [REDACTED]

25X1

Very truly yours,

1. BACKGROUND INFORMATION:

- The work requested is in support of a departmental: ☐ Photo interpretation proj.;
- ☐ Non-photo interpretation project. It will result in: ☐ Hard copy report;
- ☐ Informal report (memo); ☒ Basic service only.

Project Description: Modulated Light Projection Viewer

2. SPECIFIC SUPPORT/SERVICE REQUESTED: Support from NPIC will probably consist of:
- ☐ Photographic; ☐ Reproduction; ☐ Mensuration; ☐ Graphics; ☐ ADP; ☐ Editing;
- ☒ Other (explain below) -- (Include statement as to estimated amount of work required of support component(s); i.e., number of contact prints, enlargements, boards, etc.)

Prepare design objective for the design & fabrication of a modulated light rear projection viewer prototype.

Solicit and evaluate proposals.

Recommend TDC action if appropriate.

Monitor contract

Test, evaluate and prepare report

Demonstrate to interested components.

3. URGENCY JUSTIFICATION: (If immediate support is required a statement of justification must be made on this form.)
